

The Main Slider in the Home Page of the Website is one of the most important elements in the website

- Has prominence on the Home page
- Immediately catches the attention

In view of its importance, there are a few guidelines and best practices to be followed while designing the images for the Main Slider that are as follows:

- It should depict some important news of the department *viz:* Achievement, Impact, Vision, Statistics
- It should be regularly updated
- Images should not be placed until otherwise it is backed by a powerful story. It is recommended that when placing images of inaugurations etc, always the purpose and story behind should be included
- There could be many sliders
- Sliders could be a combination of image and text
- Slider images could be hyperlinked to inner page with more content

Some sample sliders are placed below:
